Service Description: Brighter Futures is a voluntary, strengths based program that recognises the parents' motivation to change. Brighter Futures provides integrated service delivery for families with at least one child under 9 years old, or expecting a child. Our staff qualified and experienced social workers, psychologists, early childhood workers and/or occupational therapists. Service Description The Brighter Futures program provides services and targeted support for children aged under 9 years old and their families as they address challenges that might otherwise place the children or family at risk. The program also works with families where they are expecting a child. We aim to encourage children's healthy development and resilience, build strong relationships between children and their families, build parenting skills and increase children's safety to essentially keep them from entering the Statutory Child Protection System.
