

Busy Things

Busy Things helps children learn through games and activities that are age appropriate for young learners. It has school curriculum resources to support children as they progress through the objectives for their age group, entertaining while educating. Subjects include literacy, numeracy, creative development and general knowledge.

Sign in

To access Busy Things, click on the [link](#) and enter your card number (from your card, starting with 2000, or if you signed up online, your member number starting with C).

LOG IN

You'll then be asked to choose an age.

Subjects

Once you've chosen the age, you can choose a specific subject.

This then gives you a list of lesson types, and you keep narrowing it down until you have found the activities, which are noticeable for being on a white background with a small icon in the corner.

Most of the activities give you instructions through sound, so make sure the volume is loud enough to hear it.

Navigating pages

In the bottom left corner of every page (scrolling sometimes necessary), there is a blue arrow pointing left in a yellow box. Click on this to go back a page.
