

BorrowBox for Young Adults: App edition

With over 1,000 titles on BorrowBox, there is something for every young adult. There are fiction and non-fiction titles from Australian and international authors, and you can borrow up to 50 items at a time, with a three week loan period, just like if you were borrowing a physical book, just from the comfort of home.

Accounts are synced, so if you borrow a book on the web version, it'll be available on the app, and vice versa.

Please note that this guide was created using Android, so it may appear slightly different on Apple products, but the features should still be the same.

Logging in

It is essential to sign into BorrowBox to borrow eBooks and eAudiobooks.

After downloading the app from [Google Play](#) or the [App Store](#), it will ask you to enter the name of your library. Enter 'Liverpool City Library', and provide your membership number (from your card, starting with 2000, or if you signed up online, your member number starting with C) and your PIN. If you cannot remember your PIN, please contact the [Library](#).

Below the fields, it says "Please type in your ID/Barcode and Pin as instructed by your library." There are three buttons: "Sign In" (grey), "Forgot your Password?" (white), and "Not a member? My Loans and Returning a book

Browsing books

It will show a selection of YA titles, which you can narrow by menus such as Featured, Categories, Genres, or All Releases.

Reading a book

From My Loans, you can start reading one of your loans (once it has been downloaded) by clicking on the cover of the book, taking you to the last page you read. You turn the pages of the book by swiping left or right across the screen.
